Resolution adopted by the General Assembly

[on the report of the First Committee (A/65/410)]

65/65. Treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices

The General Assembly,

Convinced that a non-discriminatory, multilateral and internationally and effectively verifiable treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices would be a significant contribution to nuclear disarmament and non-proliferation,

Welcoming, after years of stalemate, the consensus adoption by the Conference on Disarmament of its decision (CD/1864) of 29 May 2009 on the establishment of a programme of work for its 2009 session, by which the Conference, inter alia, and without prejudice to any past, present or future position, established a Working Group to negotiate a treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices on the basis of document CD/1299 of 24 March 1995 and the mandate contained therein,

1. Urges the Conference on Disarmament to agree early in 2011 on a programme of work that includes the immediate commencement of negotiations on a treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices;

2. Decides to include in the provisional agenda of its sixty-sixth session the item entitled “Treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices”.
