Implementation Support Unit

1. This Treaty establishes an Implementation Support Unit to assist States Parties in the implementation of this Treaty.

2. The ISU shall consist of the fewest members of staff possible, with the necessary expertise to ensure all obligations can be effectively undertaken, with core costs funded by States Parties.

3. The Implementation Support Unit, within a minimized structure, shall Undertake the obligations assigned to it in this Treaty, inter alia:
   a. Serve as the repository for reports submitted by States Parties;
   b. Maintain and distribute regularly to States Parties the list of national contact points;
   c. Facilitate offers and requests of assistance for Treaty implementation under the terms of this Treaty and promote international cooperation, as needed;
   d. Facilitate the work of the Assembly of States Parties, including making arrangements and providing the necessary services for meetings of the Assembly; and
   e. Perform other technical and administrative duties as assigned by the Assembly of States Parties or the Review Conference.
