## **Treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices**

*The General Assembly,*

*Recalling* its resolutions 48/75 L of 16 December 1993, 53/77 I of 4 December 1998, 55/33 Y of 20 November 2000, 56/24 J of 29 November 2001, 57/80 of 22 November 2002, 58/57 of 8 December 2003 and 59/81 of 3 December 2004 on the subject of banning the production of fissile material for nuclear weapons or other nuclear explosive devices, and Security Council resolution 1887 (2009) of 24 September 2009,

*Convinced* that a non-discriminatory, multilateral and internationally and effectively verifiable treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices would be a significant contribution to nuclear disarmament and non-proliferation,

*Welcoming* the adoption by the Conference on Disarmament of its decision of 29 May 2009 (CD/1864) for the establishment of a programme of work for its 2009 session, by which the Conference, inter alia, established a Working Group to negotiate a treaty banning the production of fissile material for nuclear weapons or other explosive devices on the basis of document CD/1299 of 24 March 1995 and the mandate contained therein,

*Welcoming also* the decisions of several States to establish moratoriums on the production of fissile material for nuclear weapons or other nuclear explosive devices,

1. *Urges* the Conference on Disarmament to start negotiations early in 2010 on a treaty banning the production of fissile material for nuclear weapons or other explosive devices, with a view to reaching a consensus on its text as soon as possible;

2. *Decides* to include in the provisional agenda of its sixty-fifth session the item entitled “Treaty banning the production of fissile material for nuclear weapons or other nuclear explosive devices”.
